

Tick Box Love Poem

Robert S Silver October 2010 © Copyright.

We met

- When still at college
- When we were very young
- When I thought my world would end
- All of the above

It was

- Love at first sight
- So I couldn't stop thinking about her / him
(Delete as appropriate)
- Friends who kept telling us 'Get together.'
- Knew each other for __ years before going out
- All the above

Love him / her

(Delete as Appropriate)

- More every day
- Never stopped
- Love just grew
- The reason for breathing, getting out of bed, writing love poems, other.
- All the above

(Decode As Appropriate)

- We had our rocky times
- In a moment of madness
- Love - as much as I possibly can
- Now we're back together - again
- All the above!

We met

- When still at college
- When we were very young
- When I thought my world would end
- All of the above
